 - Manuscript Development: **Prepared all figures** and contributed approximately **65% to the manuscript**. Managed the submission process, including **handling revisions**, addressing **peer review feedback**, and overseeing all **administrative tasks** related to the paper's publication.
 - Outcome: Resulted in a **master's thesis and a paper** that was published and presented at the ACM Symposium on Computational Fabrication 2021 (see Publications)

WORK EXPERIENCE

- **Full-time Data Engineering and Data Science Specialist** Karaj, Iran
Specializing in Data-driven Decision Making for Business Optimization Apr 2022 - Jan 2024
Panafor
 - The Problem: Developed and implemented a **Data-driven AI solution** that optimized resource allocation by **prioritizing high-potential customer profiles**, significantly **reducing operational overhead and minimizing errors** in processing critical applications.

- Impact: Decreased personnel error by 10%, **mitigating potential losses equivalent to 5.5 times my annual salary**. Also, **awarded for dedication and leadership**, leading to two promotions and a 70% salary increase within one year. Moreover, **I established myself as the primary resource for onboarding and training** new team members, receiving praise for my **ability to simplify fundamental concepts**.
- Developed a **comprehensive screening process automation** from customer communication to profiles prioritization, filtering calls based on the complexity of inquiries, **reducing manual workload by 40%**.
- Oversaw the development of a proprietary data extraction and preprocessing pipeline, resulting in a **35% reduction in poor-quality data**.
- Deployed **classical machine learning** models alongside **deep learning** methods, coupled with **explainable AI** techniques to prioritize profiles and provide transparent reasoning for each decision.
- Exhibited **proactive problem-solving** by **manually preparing years of "analog data" within the first 2.5 months**, a critical task which I prioritize over my role-specific duties to ensure project success.
